Benefits of Licensing Your Dog

- Licensing will ensure that dogs are vaccinated against rabies, which is a terrible disease that can be fatal.
- A dog's license is a way to ensure your dog gets home safely if they get lost. The license tag is an easy way for authorities to identify and contact their owner.
- Licensing fees are significantly less than not having a license.
- Dog license money stays in your community to help rabies clinic funding and Animal Control Services.
- **AND It's the law!**

Failure to license your dog would result in the issuance of a summons.
