

# Clifton Health Department Food Recall Notification

## Food/Drug/Pet Recall: Innovative Solutions, Inc.

Innovative Solutions, Inc., a Kent, Wash. establishment, is recalling approximately 97,887 pounds of raw ground chicken patty products that may be contaminated with extraneous materials, specifically pieces of bone, the U.S. Department of Agriculture’s Food Safety and Inspection Service (FSIS) announced.

The chicken patty products were produced on various dates from Aug. 16 to Sep. 29, 2021. The following products are subject to recall:

- 1-lb. cardboard packages containing four pieces of “TRADER JOE’S CHILE LIME CHICKEN BURGERS” with lot codes 2281, 2291, 2311, 2351, 2361, 2371, 2441, 2511, 2521, 2531, 2561, 2591, 2601, 2671, or 2721 represented on the label.
- 9-lb. bulk-pack boxes containing 72 pieces of “SPINACH FETA CHICKEN SLIDERS” with lot codes 2361 or 2631 represented on the label.

The products subject to recall bear establishment number “EST. P-8276” printed near the USDA mark of inspection. These items were shipped to retail locations nationwide.

The problem was discovered after the firm received consumer complaints reporting findings of bone in the chicken burger product.

There have been no confirmed reports of adverse reactions due to consumption of these products. Anyone concerned about an injury or illness should contact a healthcare provider.

FSIS is concerned that some product may be in consumers’ freezers. Consumers who have purchased these products are urged not to consume them. These products should be thrown away or returned to the place of purchase.

FSIS routinely conducts recall effectiveness checks to verify recalling firms notify their customers of the recall and that steps are taken to make certain that the product is no longer available to consumers. When available, the retail distribution list(s) will be posted on the FSIS website at [www.fsis.usda.gov/recalls](http://www.fsis.usda.gov/recalls).

Consumers and members of the media with questions about the recall can contact Frank Sorba, President, Innovative Solutions, Inc. at (206) 365-7200 and at [frank@innovativesolutionsinc.us](mailto:frank@innovativesolutionsinc.us).
