## Food/Drug/Pet Recall: Old Spice and Secret Products

The Procter & Gamble Company (NYSE: PG) is voluntarily recalling all lots with expiry through September 2023 of specific Old Spice and Secret aerosol spray antiperspirants and Old Spice Below Deck aerosol spray products sold in the United States, and listed in the table below, to the consumer level due to the presence of benzene detected.

**Risk Statement:** Benzene is classified as a human carcinogen. Exposure to benzene can occur by inhalation, orally, and through the skin and it can result in cancers including leukemia and blood cancer of the bone marrow and blood disorders which can be life-threatening. Based on exposure modeling and the cancer risk assessments published by the Environmental Protection Agency (EPA) (IRIS database), daily exposure to benzene in the recalled products at the levels detected in our testing would not be expected to cause adverse health consequences. Benzene is ubiquitous in the environment. Humans around the world have daily exposures to it indoors and outdoors from multiple sources.

To date, The Procter & Gamble Company has not received any reports of adverse events related to this recall and is conducting this recall out of an abundance of caution.

The affected products are used as antiperspirants and hygiene products and are packaged in aerosol cans. See table below for Product names and UPC codes and images for further descriptions. We are recalling all lots with expiry through September 2023 of the below products:
