

Clifton Health Department Food Recall Notification

Food/Drug/Pet Recall: Frickenschmidt Foods, LLC

Frickenschmidt Foods LLC, a Lockwood, Mo. establishment, is recalling approximately 5,795 pounds of ready-to-eat beef stick products due to misbranding, the U.S. Department of Agriculture's Food Safety and Inspection Service (FSIS) announced. The product contains and declares wheat as an ingredient but has an incorrect statement of "gluten free" on the label.

The ready-to-eat teriyaki beef stick items were packaged on Nov. 30, 2021, Dec. 1, 2021, and Jan. 28, 2021. The following products are subject to recall:

- 1.5 oz. individually sealed packages of "HIGH PROTEIN SNACK TERIYAKI BEEF WICKED CUTZ BEEF STICK" with lot code 113022, 120122, or 012823 printed in blue ink on the back of the product package.

The products subject to recall bears establishment number "M33928," which is printed in blue ink on the back of the product package. These items were shipped to retail locations nationwide and sold through online sales.

The problem was discovered when the distribution company notified the establishment that the product is labeled as "gluten free" but lists wheat in the ingredients statement.

There have been no confirmed reports of adverse reactions due to consumption of these products. Anyone concerned about an injury or illness should contact a healthcare provider.

FSIS is concerned that some product may be in consumers' pantries. Consumers who have purchased these products are urged not to consume them. These products should be thrown away or returned to the place of purchase.

Clifton Health Department Food Recall Notification

FSIS routinely conducts recall effectiveness checks to verify recalling firms notify their customers of the recall and that steps are taken to make certain that the product is no longer available to consumers.

Consumers and members of the media with questions about the recall can contact Steven Ogden, Production Manager, Frickenschmidt Foods LLC at 417-232-4401 or steven@frickenschmidtfoods.com.

No action is required of local health departments at this time for this recall. If any requests for assistance are received from USDA, the Public Health and Food Protection Program will contact you. For additional information regarding warnings and recalls, please click on the weblink below.
