## **COVID-19 Testing Locations**

\*At public testing locations, insurance is recommended but not required. Private testing locations may require insurance coverage. State and federal laws require health insurers to cover COVID-19 diagnostic tests with no out-of-pocket costs during this emergency. However, in some instances insurance coverage may not apply, so be sure to check with your health plan directly as well as the testing site.\*

**Key: \$- May require payment**
