## Food/Drug/Pet Recall: Frozen Fruit Products

### **Voluntary Recall of Specific Frozen Fruit Products Due to Possible Contamination by *Listeria monocytogenes***

SunOpta Inc's subsidiary, Sunrise Growers Inc., has issued a voluntary recall of specific frozen fruit products linked to pineapple provided by a third-party supplier due to the potential for these products to be contaminated with *Listeria monocytogenes*.

*Listeria monocytogenes* is an organism which can cause serious and sometimes fatal infections in young children, frail or elderly people, and others with weakened immune systems. Although healthy individuals may suffer only short-term symptoms such as high fever, severe headache, stiffness, nausea, abdominal pain and diarrhea, *Listeria* infection can cause miscarriages and stillbirths among pregnant women. Any consumers concerned about an illness should contact a physician.

Products were distributed via the following retailers:
