Getting Back to Tap Water & Reusable Bottles

Do many of your employees drink water from disposable plastic bottles or disposable cups? Are you frequently replacing the large plastic bottles on your water coolers? Just how clean is that cooler? Are you concerned about the amount of money you're spending and the unnecessary waste you're creating?

Then it's time for your organization to get Back2Tap! Read on for more information about our program. You can call us at 866-B2T-3453 or e-mail Lydia at LydiaChambers@back2tap.com

It's Easy !

We can help you get your company to go Back2Tap by:

- **Educating your employees, clients and community** about the environmental impact of bottles water and other disposable drink containers. You can download educational materials including two **videos** right off our website.
- **Providing high quality reusable stainless steel water bottles** to your employees and clients with your custom logo.
- **Offering bottle-less water coolers** that filter and chill water given your specific needs.

5% of our profits are donated to supply clean water to areas in need.

- **Providing environmental impact and cost reduction estimates** to quantify your green improvements.

The Back2Tap Bottle

Back₂Tap bottles are not the same chintzy bottles sold by promotional companies. These are the highest quality, best performing water bottles on the market today. **To find out more about how the Back₂Tap bottles compare to other company's bottles [click here.](#)** Bottles can be offered as:

- **Employee incentives** to be eco-friendly.
- **Conference gifts** to show your commitment to the environment.
- **Corporate gifts** to celebrate important milestones.
- **Fundraising items** for groups, schools, and non-profits.
