Food/Drug/Pet Recall: 4e

4e Brands North America is voluntarily recalling ten (10) bottle sizes of Hand Sanitizers to the consumer level. The products are being recalled due to the potential presence of methanol (wood alcohol).

Risk Statement: Substantial methanol exposure could result in nausea, vomiting, headache, blurred vision, permanent blindness, seizures, coma, permanent damage to the nervous system or death. Although all persons using these products on their hands are at risk, young children who accidentally ingest these products and adolescents and adults who drink these products as an alcohol (ethanol) substitute, are most at risk for methanol poisoning. To date, 4e Brands North America has not received reports of adverse events related to this recall.

Recalled Products

These products are used as hand sanitizers and marketed to help decrease bacteria on the skin when soap and water are not available. The affected Hand Sanitizers are packaged in clear plastic bottles. The recalled products are as follows (a full listing of lot numbers in numerical order is included below the chart):
