## Food/Drug/Pet Recall: Sundial

To be in compliance with FDA Drug Regulations, Sundial is requesting an immediate recall, removal and return, of all Sundial Products, distributed from the period beginning January 1, 2014 through current, that have labeling containing/making drug claims stating the product(s) can diagnose, cure, mitigate, treat or prevent disease. The recalled drug products are misbranded and deemed unapproved drugs based on labeling claims which could result in a delay of appropriate treatment by a healthcare provider. Because these products are unapproved, their safety and efficacy have not been established. While specific risks to patients, from use of these adulterated products, cannot always be identified or assessed, it is also not possible to rule out patient risks resulting from the use of such products.

The products included for recall are:

Tenadam Herb Flax Seed Oil & Honey Blend Mitmitta (Cayenne Pepper)  
Spiced Tea Bitter Kola (Arogbo) Mahogany Bark  
Nigerian Moringa Leaf Powder Jamaican Bissy Powder Chaney Root
