Food/Drug/Pet Recall: DaVinci Laboratories

DaVinci Laboratories, a division of FoodScience Corporation of Williston, Vermont has contacted FDA and is voluntarily recalling 256 bottles of Omega-3 1000 that may be labeled as Dim Plex. A small number of bottles may contain undeclared fish (anchovy & sardines) allergen. People who have an allergy or severe sensitivity to fish run the risk of serious or life-threatening allergic reaction if they consume these products.

Omega-3 1000 product was distributed nationwide through mail order and direct delivery. Product is contained in a white plastic bottle marked with lot #35532200 and 0522 expiration on the side of the label. Omega-3 1000 product is a soft gel that is yellow in color. The UPC code on the Dim Plex label is 026664273161.

The issue was initially identified through a customer complaint. No illnesses have been reported to date.

Consumers who have purchased DaVinci Laboratories Omega-3 Product containing this lot number are urged to contact the company at 1-800-325-1776 M-F 8:30am-5pm EST to arrange for return and replacement of impacted product.

No action is required of local health departments at this time for any of these recalls. If any requests for assistance are received from FDA, the Public Health and Food Protection Program will contact you.
